## Museum workshops

Why not come and visit our fantastic museum to help bring the past to life outside your classroom?

Covering nearly all areas of the school history curriculum, we offer guided tours or we can run sessions in our purpose built education room.

Why not combine your workshop visit with a **guided town walk** at the same time?

## Guided town walks

Looking to explore the fantastic history of Chippenham?

Our walks series cover all ages of the town's past, or we can create a walk tailored to your needs.

Regular walks include:

- King Alfred the Great
- Industrial Chippenham
- I.K. Brunel & the Victorians

## School based workshops

If you aren't able to come to us, why not invite us into your classroom?\*

Topics covered include:

- Stone age & Bronze age
- Ancient Rome
- Anglo Saxon Chippenham
- The medieval period
- Victorians

\*A small fee may apply depending on your school's location.

## Special events

We can also lend support and advice to your one-off special event. Even if it is taking place outside of normal school hours, we are happy to attend.

Events we have supported include:

- School open evenings
- History days
- Career evenings
