

Spotlight On

There are many different types of materials that an artist can use such as paint, clay or wood.

How many types of material can you find in the exhibition?

Can you find an artist that uses wire for their work?

Some artists use more than one type of material at a time and combine them in one piece of art.

Can you find someone who has combined bronze and porcelain in their work?

Artists use different techniques in their work. This means that the same material can be used in many ways.

How many works in the exhibition have used clay? How are they different?

What different materials have you used in your art work?

After visiting the exhibition maybe you are inspired to use something different.

What will it be? What will you make?

What is your favourite work in the exhibition?

What material has the artist used to make it?

Why do you like it?

How would you describe it to someone who has not visited the exhibition?
