

## Climate Emergency Advisory Group (CEAG)

Meeting 15 June 2021:

Items on the agenda:

### Chairman's Announcements:

Following a recommendation made from the Finance Sub-Committee the group will be consulted on relevant potential capital expenditure to inform a refreshed 5-year medium term financial plan.

### Carbon Reduction Matrix:

- Chief Executive, Mark Smith reminded new Councillors that they had been asked by the Director of Community Services to review the Carbon Reduction Matrix and bring any additional actions or suggestions to the meeting.
- Councillors Bradbury, Alstrom and Baseley all confirmed that they have no actions to make.

### Climate Conversation Webinars:

Democratic & Civic Officer, Michael Weeks provided the group with an update on how the first trilogy of Climate Conversations went including providing feedback from 5 individuals who had attended and filled out a survey with their reviews.

- It was confirmed the Climate Conversations were available to watch back on YouTube.

The next three dates and sessions are:

Wednesday 15 September: Solar Power

Wednesday 29 September: Water Conservation in the home

Wednesday 19 September: Transport for homeowners and getting to work

The group also noted the dates for the last in the trilogy:

Wednesday 16 January 2022: Electric Vehicles

Wednesday 9 February 2022: TBC

Wednesday 23 February 2022: Food Waste

### Chippenham Town Council Estate:

No further update to provide since the previous meeting.

Art Council: MEND Grant Application:

There has been interest, which has been submitted to the MEND grant application scheme. If successful, the grant would cover improvements to Chippenham Museum and Yelde Hall.
