

**CHIPPENHAM
TOWN COUNCIL**
Improving the quality of town life

Welcome to Eco-Future Fest

Workshops in the Syndicate Room

Join Chippenham Museum's Wild Escape adventure! 11.30am-12.20pm

A family wildlife workshop on the amazing colour-changing Peppered Moth. Suitable for all ages, all children must be accompanied by an adult.

'The Future is...' eco poster & upcycling workshop for under 18s 12.30pm-1.20pm

Express yourself! Create posters, placards and banners on fast fashion and the climate crisis. Led by Refashion My Town and the Art department at Wiltshire College.

Drop in clothes mending station 1.20pm-2.20pm

Bring clothes in need of repair to this session where seamstresses from Refashion My Town will be on hand to help teach people how to mend.

Climate LEGO workshop 2.30pm-3.20pm

Designed for adults and young people. This session aims to make it safe, light and fun to face climate change in a low-pressure and creative environment. Led by Lucy Hawthorne, www.climateplay.org

Talks in the Town Hall

Are we flushing our future away? by Karen Simpson from Wessex Water 11.45am

Hear Wessex Water's plans to reduce their carbon emissions and adapt to the impacts of flood and drought. Discover how water butts and rain soakaways can help the environment and our water bills.

Climate and Ecological Emergency Advisory Group at Chippenham Town Council by Councillor Liz Alstrom and Chris Saville 12.30pm

CEEAG is made up of both councillors and local residents working together to help the environment. Find out how it started, what they do and how you can apply to join them.

The magic of flower meadows in gardens and community spaces by Paul Jupp, founder of Meadow in my Garden 12.45pm

Learn how Meadow in my Garden has been transforming gardens and green spaces, with every emerging seedling symbolising an uprising of optimism.

Doughnuts & Chocolate - A fairer way to business in Madagascar by Matthew Short 1.30pm

This is the story of a local chocolate company and their sustainability journey working together with a small Malagasy company and the WWF in Madagascar.

From Ivy to Insulation, Pot Plants to PV Panels: actions we can take to improve our homes by Adrian Temple-Brown 2.15pm

Discover how we can minimise the carbon and environmental footprints of our homes whatever your budget or practical knowhow.

The Connection Between Fashion Consumption, Mental Health and Sustainability by Tze Ching Yeung, Refashion My Town 3pm

Find out how to reduce the negative impacts of fashion consumption to achieve a more sustainable, creative and mindful personal style.
